You can find up-to-date information regarding consumption and CO_2 emissions values/standards at volkswagen.de/emission.

Fuel consumption in litres/100 km: 7.2–3.8 (combined), CO_2 emissions in g/km: 164–101 (combined), efficiency classes: C–A+

Standard equipment, Passat and Passat Conceptline S Business B Elegance E Optional equipment O

Illustrations on the following pages include some optional equipment.

For anyone who likes to give their all.

As exciting and extraordinary as your day-to-day life. And just as flexible as you are. The Passat and Passat Estate bring together a sporty aesthetic with systematic functionality. The result is a day-to-day companion that is anything but everyday. An expressive light signature and striking radiator grille drop the hint that there's more here to discover. And there ertainly is: in addition to various convenient IQ.DRIVE technologies including optional Travel Assist, the Passat and Passat Estate now also offer mobile online services from We Connect – which means access to many innovative and helpful features for getting everything you need sorted from one place, whether for family activities or the family business.

01 Glare-free guidance in almost any situation: the **IQ.LIGHT matrix LED headlights** with Dynamic Light Assist advanced main-beam control illuminate the road ahead more brightly and more broadly, without distracting other road users in your surroundings. E OE

01

Business class for the whole family.

Go from home to the nursery, to school, to the office and back – there's no stress with the Passat and Passat Estate. The Passat and Passat Estate interior can accommodate a wide range of optional equipment such as ergoComfort seats with massage and climate control function as well as a Digital Cockpit and many connectivity features. In addition, the optional ambient lighting means you can quickly create a general atmosphere of calm in the car, even when things are a bit hectic outside.

01 See the interior of your Passat or Passat Estate in a delightful new light. Ambient **lighting** means you can create a customised mood inside the car. With up to 30 colours available, you can ensure the right atmosphere for almost any mood, whether in muted or bright light. The illuminated decorative trims are incredibly easy to control via the display on your radio or navigation system. OE

Passat Elegance

The Passat and Passat Estate always make an imposing impression, no matter what your plans are or which equipment line you choose, from Conceptline, Passat, Business or Elegance. You can enjoy every model variation, as they all offer plenty of room for luggage, passengers and everything that makes your everyday life easier. On top of all that, the Elegance also offers exclusivity down to the smallest detail.

01

01 Another thing that's smooth is the way the alloy wheels run. Apart from the standard wheels, you can also choose between 17-inch Sebring alloy wheels in High Gloss Steel Dark, 18-inch Liverpool alloy wheels in Adamantium Dark or Bonneville wheels in Black with a burnished finish and, as shown, **19-inch Verona alloy wheels.** OE

Extraordinary. And still suitable for everyday use.

No matter how many tasks you need to get done, it feels different with the Passat and Passat Estate Elegance – more relaxed. This is ensured above all by the interior, where exclusivity shines out from the very first glance. In the front, take your place on the sport comfort seats which, like the rear outer seats, are covered with a combination of Vienna leather and soft Alcantara. Or you could choose the optional Nappa leather package, which we offer in various colour combinations. With many other premium options available such as Silver Birch decorative trim, you are free to make your everyday even more extraordinary.

02 Travel through worlds of sound. Experience top-class audio with the optional **DYNAUDIO Confidence premium sound system.** The DYNAUDIO Confidence sound system is precisely tailored to the interior and comes with surround sound, 10 loudspeakers, a central speaker, subwoofer and total power of 700 watts to give you and your passengers a fantastic customisable sound experience. OE

Passat Business

For the business of family life – as well as for the family business. As the name suggests, the Passat and Passat Estate Business are extremely well equipped, thanks to convenient and attractive extras including helpful We Connect online services.

03

03 The **Business equipment line** for the Passat and Passat Estate is impressive in many areas. It includes, for example, velour seat covers in a Titanium Black linen look, a leather gear knob and partially electric ergoComfort seat on the driver's side with adjustable lumbar supports. The Cross Hatch decorative trims are another visual highlight. There are a few practical additions too, such as two covered cup holders and, in the saloon version, load-through capability from the luggage compartment to the rear seat bench. B

04 With the **multifunction leather steering wheel,** the driver has easy access to the controls for the multi-function display, radio and telephone systems. To keep your hands from getting chilly in winter, it also comes with an optional heating function. If your vehicle is equipped with a DSG dual clutch gearbox, it will also include paddle switches for changing gear. B

Passat

Anyone as busy as you are deserves a little support. The Passat and Passat Estate are ready to offer it, in the form of innovative IQ.DRIVE driver assist systems such as ACC Adaptive Cruise Control and Lane Assist, which even comes as standard equipment.

05

06

05 Supports your daily routine. And lets you relax: the **interior.** With New Brushed Design decorative trims, Lizard fabric upholstery and multifunction steering wheel. The illuminated matte air vents and light switches add to the sophisticated atmosphere inside the vehicle. For the ultimate in flexibility, the rear seat backrest in the Passat Estate can be unlocked at three points accessed via the luggage compartment. S

06 The **Discover Media navigation system** features a 20.3 cm (8-inch) touchscreen colour display and intuitive navigation. You can also enjoy eight speakers and a Bluetooth connection for mobile phones and two USB ports (type C). O

(not pictured) For people who like to concentrate on what matters most: The Passat Conceptline is synonymous with reliability and pure dynamism. Just two examples of its sophisticated basic equipment are the Composition radio and Hill Start Assist. S

IQ.DRIVE

Good assistants are generally hard to find – though not if you're looking in the Passat and Passat Estate. You'll find many intelligent driver assist systems on board, all of which have been brought together at Volkswagen under the name IQ.DRIVE. IQ.DRIVE stands for all our intelligent driver assist systems – everything that already exists in our company today; that we are developing for tomorrow; or that we want for the future. In the Passat and Passat Estate, you can benefit from innovative features such as Travel Assist, Emergency Assist, and many more.

01

Fuel consumption in litres/100 km: 7.2–3.8 (combined), CO_2 emissions in g/km: 164–101 (combined), efficiency classes: C–A+

Standard equipment, Passat and Passat Conceptline S Business S Elegance S Optional equipment OE

01 Whether your travel is for business or leisure, when you're spending a lot of time on the road, your **Travel Assist driver assist system** can take a great deal of the strain during your trip. On the motorway and major provincial roads in particular, Travel Assist can keep you in lane and maintain speed, as well as staying the right distance from traffic ahead. In combination with the DSG dual clutch gearbox, you can even tackle congested roads and stop-and-start traffic with little stress.[1), 2)] OE

02 **Emergency Assist** can intervene in the event of a medical emergency; if it registers that driver activity has stopped, it will attempt to alert the driver.[1)] If there is still no response, the system stops the vehicle in a controlled manner, within system limits, and in doing so can prevent an accident. Emergency Assist was awarded the Deutscher Mobilitätspreis 2017 (German Mobility Prize 2017) by the initiative Deutschland – Land der Ideen (Germany – Land of Ideas) and the German Ministry of Transport and Digital Infrastructure.[3)] OE

03 **ACC Adaptive Cruise Control** helps you to maintain a set maximum speed[4)] and a user-defined distance from the vehicle in front. In combination with an optional navigation system, the ACC system is equipped with predictive cruise control and a cornering assistant. The system adopts official speed limits and so can help you to avoid speeding violations.[1)] It also independently adjusts the vehicle speed at corners, crossings (turns) and roundabouts, using route data from the navigation system to do so.[1), 5)] S

1) Within system limits.
2) The driver must be ready at all times to override the assistance systems, and is not released from the responsibility of driving the vehicle with appropriate care.
3) Source: Deutscher Mobilitätspreis 2017, land-der-ideen.de/projekt/emergency-assist-3323
4) Up to 210 km/h.
5) Not available for Conceptline.

02

03

04 In the event of an imminent collision, the **Front Assist area monitoring system with City Emergency Braking and Pedestrian Monitoring** can help to reduce the severity of the collision or ideally, avoid the collision altogether.[1] It does this by monitoring the road ahead and, if it detects pedestrians and vehicles there, it warns the driver in plenty of time. If the driver fails to respond, the system can apply the emergency brake.[1, 2] S

05 **Area View** uses four cameras to offer a range of perspectives that significantly simplify manoeuvring. For example, the entire area around the vehicle can be displayed from a bird's-eye view. Or use your radio display to "look around the corner": cameras at the front and rear of the vehicle reveal even those parts of the road that are not in the driver's direct line of vision.[1] OE

06 The **proactive occupant protection system** can identify situations where there is a high risk of an accident[1], and responds by automatically closing the windows and tilting and sliding panoramic sunroof, and tensioning the front seat belts as a precaution.[1, 2] S

1) Within system limits.
2) Not available for Conceptline.

Infotainment & connectivity

Optional intuitive voice control in the Passat and Passat Estate will be particularly welcomed by anyone who generally has full hands and a full schedule – and so will the convenient gesture control that is offered in the optional Discover Pro navigation system with large touchscreen colour display.

01

03

02

04

01 The **Composition Radio** is equipped with a 16.5 cm (6.5-inch) TFT colour display with We Connect included as standard, touchscreen, 4 x 20 W output and up to eight speakers. You'll also find two USB ports (type C) and a Bluetooth mobile phone interface on board. S

02 The **Discover Pro radio navigation system** with mobile online services from We Connect[1] boasts a 23.4 cm (9.2-inch) glass-covered TFT touchscreen with colour display, gesture control, and natural voice control for intuitive and comfortable operation. The freely configurable home screen can be set up to meet your individual needs. The system also includes Dynamic Road Sign Display as well as App Connect[2], which also works wirelesslyfor Apple CarPlay™ and Android Auto™. Eight speakers ensure an optimum sound experience – and not just when listening to digital radio via DAB+. OE

03 The **Discover Media navigation system** features a 20.3 cm (8-inch) touchscreen colour display and intuitive online navigation with Dynamic Road Sign Display. You can also enjoy eight speakers and a Bluetooth connection for mobile phones, and two USB ports (type C). OE

04 With the **gesture control** function, you have an even simpler and more convenient way to operate the Discover Pro navigation system. You can control a number of menu options with a simple horizontal gesture. For instance, you can switch to the next song by simply waving your hand. OE

05 The **Comfort mobile phone interface** enables you to have a conversation while driving. The integrated storage compartment with inductive connection to the external aerial and an inductive charging function for your smartphone are especially practical. The hands-free system is compatible with the current LTE mobile communications standard. OE

1) To use We Connect services, you need to have a Volkswagen ID user account, and must log into We Connect with your username and password. In addition, a separate We Connect or We Connect Plus contract must be concluded online with Volkswagen AG. For We Connect Plus, you have 90 days from the handover of the vehicle to register the vehicle at portal.volkswagen-we.com, and you can use the services for the full duration of the agreed free period. Please note the additional information on the reverse of this catalogue.
2) App Connect is compatible with Apple CarPlay™, Android Auto™ and MirrorLink®. To avoid distraction, only certified apps can be started while driving. Please note that some apps are not available for all three technologies and the availability of these technologies may vary from country to country. You will find information about the compatibility of smartphones at volkswagen.de/mobiltelefon, as well as additional information about Apple CarPlay™ at apple.com/de/ios/carplay, about Android Auto™ at android.com/intl/de_de/auto and about MirrorLink® at mirrorlink.com.

Its job is to make yours easier.

The Passat and Passat Estate are equipped with mobile online services from We Connect. Thanks to the integrated eSIM card, you can be seamlessly connected and fully networked with your vehicle right from the start.[1] Make use of numerous We Connect services and get a multitude of additional smart functions on board with We Connect Plus. That way you can keep up with your busy schedule – without the stress.[1]

01 We Connect[1] makes your everyday life not only more pleasant, but also more comfortable. It gives you access to all important vehicle information and offers useful convenience with a breakdown call, the Online Anti-Theft Alarm or Service Scheduling – and in an emergency, too. With the Emergency Call Service, for example, you also automatically get help in the event of serious accidents in which the airbag is triggered. You can also request help manually at the push of a button. In both cases, the Volkswagen emergency call centre forwards all relevant information to the emergency services so that you can be helped as quickly as possible. The Emergency Call Service is active as soon as the vehicle is delivered, without any need to register. Your Passat can also be upgraded later.[2] In the In-Car Shop, you can equip your Passat with additional functions after you buy it – features such as navigation or voice control can be activated later if you wish. OE

02 Mobile key.[3] Stop losing time searching for your key; use your smartphone as a mobile key instead, and open or start your Passat or Passat Estate in an instant. You can also send extra digital keys to your friends and family members, to enable them to easily use your vehicle. OE

1) To use We Connect services, you need to have a Volkswagen ID user account, and must log into We Connect with your username and password. In addition, a separate We Connect or We Connect Plus contract must be concluded online with Volkswagen AG. For We Connect Plus, you have 90 days from the handover of the vehicle to register the vehicle at portal.volkswagen-we.com, and you can use the services for the full duration of the agreed free period. Please note the additional information on the reverse of this catalogue.
2) For the use of We Upgrade items, you will need a Volkswagen ID user account, a valid We Connect contract, and your authorisation as primary user, i.e. your user account will need to be linked to the specific vehicle. In addition, it is important that the vehicle has the technical functions and hardware setup required for the respective We Upgrade. The primary user can view the We Upgrade functions available for the respective vehicle in the web shop or In-Car Shop.
3) Only available with the optional Discover Pro navigation system, and in combination with the We Connect app. Five free-of-charge mobile keys can initially be redeemed within the first 4 years of completion of the We Connect contract. Passing on a mobile key requires an identity check of the person sending the key, by means of the Volkswagen Ident procedure. After installation on a compatible smartphone, the mobile key has a validity of one year, and is tied to the end device.

03

04

05

03 We Connect **Plus**[1] **navigation services** help you to navigate reliably through your day. Receive real-time, up-to-date traffic information about route changes or be warned about traffic incidents. Thanks to intelligent Online Route Calculation, you can respond flexibly to changing conditions and are always on the best possible route. The Online Map Update makes sure that your maps are kept up to date. And with the latest information on filling station prices and available parking spaces, you'll arrive even more relaxed. OE

04 **The We Connect app** gives you mobile access to your Passat or Passat Estate. And you can use it to easily control different functions, wherever you are. For example, would you like to be able to program the optional auxiliary heater the evening before travelling during colder seasons? Not a problem. It's just as easy to lock and unlock doors and luggage compartments.[2] It is even possible to connect to the optional anti-theft alarm system from a distance by conveniently using your smartphone as a remote control. OE

05 People who do their best deserve the best entertainment. With **Streaming & Internet**[1] services in your Passat or Passat Estate, you can enjoy your favourite music wherever you are. So if you want to stream music you only need to use your existing access details once to log in to Apple Music, for example. Then you're ready to access the streaming service without an external device. And the Internet Radio service comes with all the advantages you would expect; for example, finding and playing live stations and podcasts becomes child's play. OE

1) To use We Connect services, you need to have a Volkswagen ID user account, and must log into We Connect with your username and password. In addition, a separate We Connect or We Connect Plus contract must be concluded online with Volkswagen AG. For We Connect Plus, you have 90 days from the handover of the vehicle to register the vehicle at portal.volkswagen-we.com, and you can use the services for the full duration of the agreed free period. Please note the additional information on the reverse of this catalogue.
2) The Lock & Unlock service is security-relevant and requires a prior identity check by means of the Volkswagen Ident procedure. This involves your identity being checked by a Volkswagen dealer or via video chat.

Plenty of space to expand into – for you and your kids.

Making space for luggage is child's play: it just takes a small movement of your foot, thanks to the optional Easy Open function for the electrically operated rear lid in the Passat and Passat Estate. The adjustable space concept also keeps things flexible when it comes to stowage space, so you can travel with your favourite things – including your children.

01 The elegant **panorama sliding/tilting roof** consists of a single glass element with an electric lifting and sliding function. It ensures both a premium look and fantastic views. In addition, the light it lets in creates a generous feeling of space. OE

02 The **luggage compartment** of the Passat Estate has an impressive volume of up to 650 litres, which can be expanded to up to 1,780 litres by folding down the rear seat. With the optional luggage management package, you can easily adapt it to your needs. OE

03 In order to conveniently enlarge the **luggage compartment,** unlock the rear seat backrests from the luggage compartment or from the rear seat bench. The optional manually adjustable luggage compartment floor helps you during loading and unloading. OE

Please always properly secure your loaded items.

04 If you have ever tried to manoeuvre your vehicle with a trailer attached, you know just how complicated it can be. This is where the **Trailer Assist trailer manoeuvring system** comes in. All you need to do is pick the direction you wish to travel and the system does the rest, making reversing your trailer stress-free.[1] Just accelerate and brake as needed, and monitor the surroundings. OE

05 With **Easy Open** you can guarantee a relaxing journey, even before you've actually set off. So when you're loading heavy suitcases into the luggage compartment, you no longer need to set them down while you fumble for keys: a brief movement of your foot beneath the vehicle rear is all that's needed to open the electric rear lid automatically. And with an electric closing function too, you can close it with just a press of a button as you move away from the vehicle. OE

1) Within system limits.

R-Line

A dynamic appearance makes a lasting impression. You can see that's true of the Passat and Passat Estate with optional R-Line equipment. An unmistakably sporty style is created by features including the front bumper in R styling, with striking C signature in Black High Gloss and integrated fog light. Chrome trim strips around the vehicle, side skirts in the car body colour, and tinted tail light clusters for the Passat Estate emphasise its dynamic appearance. The optional Pretoria 19-inch alloy wheels in Dark Graphite Matt, along with the diffuser and the chrome-plated tailpipes send a clear message: when it comes to a sporty look, the Passat and Passat Estate don't do anything by halves. Just like you.

01

01 The Passat and Passat Estate also make an impressive appearance on the road with the optional **18-inch Bonneville alloy wheels** in Black with a burnished surface. OE

02

03

04

02 On request, the Passat and Passat Estate are available with the **R-Line sports package,** for an extra helping of dynamism. It includes lowered sports running gear[1], progressive steering and XDS electronic differential lock. Darkened side windows at the rear are eye-catching – while preserving your privacy. And if you want to emphasise the sportiness of your Passat or Passat Estate even more, there is the option of the **R-Line Exterior package.** OE

03 The sporty **19-inch Pretoria alloy wheels** in Dark Graphite Matt give the Passat and Passat Estate an even more dynamic touch. These are fitted with 235/40 R 19 AirStop® tyres. OE

04 The striking **radiator grille** with its chrome strips and the R-Line logo is an expression of a confident character. OE

1) From 162 kW.

Fuel consumption in litres/100 km: 7.2–3.8 (combined), CO_2 emissions in g/km: 164–101 (combined), efficiency classes: C–A+

05

05 The interior delivers on the exterior's promises. To complement the black roof, the R-Line **interior** equipment includes sports seats in Nappa leather with seat backrest bolsters in Carbon Style (split leather), either in Titanium Black or Titanium Black/Flint Grey. Colour-contrast seams and the striking R-Line logo complete the sporty look of the seating system. OE

06 The overall sporty feel continues in the **multifunction steering wheel** with R-Line logo, floor mats, and colour-contrast decorative stitching. Depending on the equipment line, these details are complemented by Dark Diamond Flag or Silver Rise decorative trims in aluminium, as well as stainless steel effect pedals. OE

06

Fuel consumption in litres/100 km: 7.2–3.8 (combined), CO_2 emissions in g/km: 164–101 (combined), efficiency classes: C–A+

07

07 Pure dynamism – from the moment you get in. With the exclusive R-Line equipment, the **interior** of the new Passat is filled with sporty details. The R-Line package includes seat covers with centre storage compartments in Carbon Flag fabric and seat bolster inner sides in Vienna leather as standard. The interior also features the R-Line logo on the backrest of the front seats and colour-contrast stitching. For a perfect match, choose the gear lever boot with colour-contrast decorative stitching. For those who like to be even more agile, all dual clutch gearbox models feature a steering wheel with paddles – for an even more dynamic gear change. OE

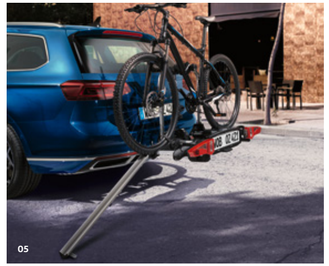
Volkswagen Accessories

Things to make life even more comfortable. You can discover our complete product range in the Volkswagen Accessories Complete Catalogue available from your Volkswagen Dealer.[1)]

1) Please refer to volkswagen.com for additional information

Volkswagen Accessories are available for the German market.
Your local Volkswagen Dealer will be happy to provide you with details on the products available in your country.

Fuel consumption in litres/100 km: 7.2–3.8 (combined), CO_2 emissions in g/km: 164–101 (combined), efficiency classes: C–A+
Standard equipment, Passat and Passat Conceptline S Business B Elegance E Optional equipment OE



01 The light and sturdy **roof rails** on the Passat Estate are the foundation for all roof system accessories; for the saloon version of the Passat, **roof bars** are used to support these systems. The **surfboard carrier** will certainly keep your surfboard securely in place when travelling: the rubber support paired with a special rubber protector for the metal clamps on the tensioning straps, makes it a breeze to transport surfboards with two-piece masts to your destination. OE

02 Available with a capacity of 340 or 460 litres, the **roof box** features an aerodynamic design, secure 3-point central locking system and a simple quick-release fastening system. Thanks to the DuoLift system, the box can be opened from either side. OE

03 Use the **bicycle carrier,** which is city crash plus tested, to transport your bicycle safely and securely, upright on the roof. The innovative torque-limiting rotary knob ensures convenient attachment of your bike frame, while the frame holder and bike rail automatically hold your bike in the right position. OE

04 You can transport up to six sets of skis or four snowboards with the lockable **ski and snowboard holder.** The extra-large opening buttons mean that it remains easy to use even when wearing thick ski gloves. The pull-out function makes loading and unloading easier. OE

05 Transport your bikes more conveniently and securely with our **Premium bicycle carrier.** It carries two bikes or electric bikes, and its innovative fastening system makes it extremely easy to use: unhinging the carrier bracket automatically fixes the bicycle carrier onto the ball head and fastens it in place with ease. The removable spacer with anti-theft mechanism makes it especially easy to use. The foot pedal allows the carrier to be opened extra wide thanks to its large 90-degree opening angle, so that you can still access the luggage compartment with ease – even for vehicles with a large rear lid. Do you always want to keep your bicycle carrier with you, or safely stow it away when you reach your holiday destination? With the Premium carrier, you can. In a matter of moments you can store it in the spare wheel well of your Volkswagen, simply by removing all the fixed parts from the spare wheel well and conveniently placing the carrier there. A **ride-on rail** for easier loading is also optionally available. OE

06 The non-tear **luggage net** is secured to the standard fastening rings in the luggage compartment, and helps to keep small to medium-sized objects in place during the journey. OE

07 The high-cut **storage compartment liner**[1] with Passat lettering is robust and protects the luggage compartment against getting dirty. Its smooth plastic surface and wide grooves make it easy to clean. Stretch straps in the back corners and a hook attached to the rear wall provide a number of ways to secure your luggage. The **partition grid**[1] separates the luggage compartment from the passenger compartment. It can be used in conjunction with the luggage compartment cover. [2] OE

08 The non-slip **luggage compartment liner** is designed to perfectly fit the shape of the luggage compartment and protect it from dirt and moisture. When not in use, it can be rolled up and easily stowed away to save space.[2] OE

09 The **luggage compartment tray** features Passat lettering and is bordered with a rim that is 4 cm high.[2] OE

10 The practical and custom-fit transparent **protective film for the load sill**[1] is easy to stick down on the loading edge on the rear bumper. It prevents damage during loading and unloading. OE

11 You can use the flexible **luggage compartment plugin module**[1] to split up the luggage compartment however you like, making it possible to prevent your luggage from sliding around the vehicle. OE

12 Gentle velour on one side and sturdy, slip-resistant plastic stubs on the other: the **reversible luggage compartment mat**[1] provides the right surface, no matter what you are transporting. A built-in protective cloth for the load sill can be folded out from the reversible mat when needed.[2] OE

13 Sure to sparkle – with the Volkswagen Genuine **rear strip**[1] in chrome look, you can give your vehicle an elegant look in the twinkling of an eye. It can be affixed to the lower edge of the rear hatch quickly and easily, and also serves as edge protection. OE

14 Whether you want to tow a boat or caravan, or you need additional storage space, you will need the right equipment. The **towing bracket** is available in a fixed or detachable version. It includes a 13-pin electrical installation kit to guarantee the electrical supply and thus the safe use of the trailer. OE

1) Only available for the Passat Estate.
2) Please always properly secure your loaded items.

Fuel consumption in litres/100 km: 7.2–3.8 (combined), CO_2 emissions in g/km: 164–101 (combined), efficiency classes: C–A+

15 Ventilating the vehicle interior increases driving comfort by improving air quality inside the vehicle. Enjoy circulating fresh air even if it is raining or snowing, or avoid unpleasant heat build-up on hot days by opening the windows slightly. The low-maintenance, UV- and car-wash-resistant **wind deflectors** are manufactured from high-quality, recyclable acrylic glass, and feature a plug-in assembly system that makes them easy to install. OE

16 Sporty to the smallest detail. A sporty look is guaranteed with the darkened Volkswagen Genuine Passat Estate **R-Line LED tail light clusters** that can easily be replaced. Can be retrofitted for all current Passat Estate models with standard LED tail light clusters. Please note: This product is not intended for general use. For this reason, please check with your Volkswagen dealership beforehand whether it is safe to use in your vehicle. OE

17 The front and rear **mudflaps** protect your own vehicle and the one behind from flying dirt, stones and spray water. OE

18 A detail that is as attractive as it is functional: silver/black **sill panel trim films** protect the paint on the front and rear door sills from scratches and damage. Also available as a transparent film for the rear door sills. OE

19 The **sill panel trims** made from high-quality aluminium and featuring Passat lettering not only protect the heavily used entrance area but are also a real visual highlight. Each set consists of two trims for the front door sills. OE

20 The black **Premium textile floor mats** fit perfectly and are made from hard-wearing, thickly woven velour. The front mats also feature the Passat logo. Mounting points in the floor, combined with a special coating, ensure the mats sit perfectly in place. OE

21 The perfectly fitting **all-weather floor mat set** in black with Passat embossing on the front mats effectively keeps out dirt and moisture. The mats also have less of an odour and are made from 100% recyclable material. The integrated fastening system attaches the front mats to the vehicle floor and prevents slipping. OE

22 The **Optimat textile floor mats** with Passat lettering combine the features of rubber floor mats with the elegance of textile floor mats. OE

23 The mobile **12-volt Volkswagen Edition espresso machine** gives you access to your own personal coffee bar. The set also includes two sturdy espresso cups, a serviette cloth, 25 espresso pods and a storage case. Never operate the machine while the vehicle is in motion. OE

24 The **sunblinds**[1] for the rear window, rear door windows and rear side windows can also be used for thermal insulation. They can be used with the windows closed or open. OE

25 Use the specially designed **premium USB cable** to connect your smartphone to your Volkswagen's Infotainment system and use functions such as Apple CarPlay™ via App Connect, while your device is charged at the same time. The Volkswagen Genuine **DUCI** (double USB charger insert) enables mobile devices to be rapidly charged via two USB interfaces. Just insert the DUCI into the cigarette lighter and it will integrate perfectly into your vehicle due to its special design. The white LEDs not only look good, but will also help you locate the USB connection quickly in darkness. Thanks to its high 2 x 2.4 amps of power, quick charging mode is also possible without any problems, even for larger devices such as large smartphones and tablets. OE

26 Our **child seats** are available for all ages. They are very comfortable and easy to handle, as all covers are easy to remove and washable at 30°C. The non-slip seat cover features handy net pockets and protects your seats from dirt, as well as wear and tear. OE

27–30 Practical, comfortable and flexible: the innovative, modular **travel and comfort system** is a true all-rounder and helps maintain a tidy and ordered vehicle interior. In addition, important objects are within easy reach or can be easily used by the passengers seated on the rear seat bench. The system consists of a **base module** which is fixed between the front seat headrest bars, an **action camera mount** and various additional modules available separately. These include, for example, a portable **clothes hanger**[2], a robust **bag hook**[2], swivelling tablet holders for models from various manufacturers and an adjustable folding table with **cup holder**[3]. This system makes taking a break from driving more enjoyable and comfortable than ever. One holder, many options: all modules can be mounted onto the base module and interchanged as required. OE

1) Only available for the Passat Estate.
2) Can only be used if a passenger is not seated in the seat directly behind.
3) The folding table with drink holder must be folded up during the journey if a passenger is sitting in the rear bench seat behind it.

Volkswagen Lifestyle

01 This slim bag transforms into a large, sturdy box – and back – in a matter of moments. The lightweight, anthracite-coloured **folding box** with Volkswagen logo carries up to 30 kg, is convenient to handle and easy to clean. The material is tear-resistant, water-repellent and dirt-resistant. OE

02 Original and practical: this round **towel** made from high-quality cotton terry is soft, thick and absorbent. It can be used as a beach or bath towel, as a play mat or even as a picnic blanket. The new Volkswagen logo is woven in and spans the entire diameter of the fabric. OE

03 This **pocket umbrella** developed by Volkswagen Design is equipped to keep you reliably, quickly and comfortably dry in the rain: cover made from Teflon®-treated polyester , opening and closing mechanism, fibreglass/aluminium ribs, 3-part metal stick, and plastic handle. The pictogram on the trigger button is a visual highlight, and includes a Volkswagen inlay on the handle. OE

04 Coffee-to-go, in Volkswagen style! The double-walled, dark blue **thermos cup**[1] is equipped with a vacuum that keeps the liquid at the temperature it was when the cup was filled, either hot or cold, for an extended period of time. The special design touch of this sleek, slender cup is the sophisticated colour combination of dark blue surface, black ring and silver-coloured lid. OE

05|06 Volkswagen **watches** make checking the time a visual treat. An elegant flat stainless steel housing and dial with the date display and subtle Volkswagen lettering form the distinguishing feature of both timepieces. The straps are made from leather and there is a Volkswagen logo on the winder. OE

1) Please note: after the thermos cup has been used, some liquid may remain in the lid which can spill from the thermos cup if it is not kept upright. We therefore recommend drinking this excess liquid from the lid with the thermos cup closed.

Ask your Volkswagen Dealer about our Lifestyle range.

07 Understatement makes a statement! This blue **t-shirt** has a tone-on-tone front print of the new Volkswagen logo, making a statement clearly yet unobtrusively. OE

08 Clean, stylish and in the style of the New Volkswagen spirit. This blue **sweatshirt** conveys your enthusiasm for Volkswagen and is also an expression of your individual style. The front has a tone-on-tone print of the new Volkswagen logo. OE

09 Keep warm! Stay stylish. This dark blue **knitted beanie** in the New Volkswagen style has an engagingly simple design. The bright yellow label bearing the Volkswagen logo creates a subtle highlight on the hem. Keep up with the latest trends with this fisherman-style beanie. OE

10 Be dazzled – but only by how they look. These black **unisex sunglasses** with distinctive white Volkswagen logo on the temples do not just catch the eye, but also eliminate distracting reflections thanks to their Polavision lenses. They also provide your eyes with 100% protection against UV radiation. OE

11 Wiped clean like magic: use the **microfibre cloth** to quickly and efficiently remove fingerprints and other dirt from touch displays and high-gloss surfaces without the need for cleaning agents. The cloth is strong and washable, and is embossed with the Volkswagen logo. OE

Discover Volkswagen's automotive world.

The Autostadt – a voyage into the world of mobility. Collecting your new car will be a memorable experience for you with your partner or your whole family at the Autostadt in Wolfsburg, the communication platform of the Volkswagen Group and its brands. On an area of 28 hectares, you can experience a unique microcosm that spans everything from the historic cars at the ZeitHaus museum drawn from over 130 years of automotive history, through the pavilions of the Group brands and to the GroupForum, which takes a closer look at topical questions relating to mobility and society. Or you can put your driving skills to the test on one of our off-road or safety training courses Children will also find plenty to experience with small electric cars for them, while a wide choice of restaurants and cafés invites the whole family to take a break. The RitzCarlton 5-star superior hotel in Wolfsburg offers a touch of luxury. Its chef Sven Elverfeld – Chef de Cuisine of AQUA – was awarded three stars by the Guide Michelin gourmet guide. When it's time for you to collect, your own personal customer adviser will guide you to your new vehicle. The adviser will hand over your keys and explain the most important features in your vehicle. You'll then have the chance to test everything you've learnt on your way out of the Customer Centre. You'll round off this brief vacation by driving home in your brand new Volkswagen. To make sure your visit is a truly unforgettable experience, there is a day planner available on the Autostadt website. Use it to research the many highlights of our automotive theme park in advance and plan your trip free of hassle. Find out more at **autostadt.de/tagesplaner** or by calling the free[1] hotline at **0800 – 2 88 67 82 38.** This puts you in touch with the staff in our Customer Care Centre who will help you to organise the perfect day. Of course, you can also obtain all the necessary information from your Volkswagen Dealer.

Gläserne Manufaktur in Dresden – Centre of Future Mobility. Future mobility topics are brought to life in the Gläserne Manufaktur. If you opt to receive your vehicle at the production plant, an exciting and interactive world of experience awaits you, illustrating how suitable electric mobility is for everyday use and providing answers to questions about tomorrow's mobility. A guided tour through the Gläserne Manufaktur also includes direct access to the production line. If you wish, you can even test drive one of our electric models. After the vehicle handover, your personal product expert will provide you with information about your new car and will be pleased to acquaint you with the most important operating elements and features. During your visit, you have the chance to relax and refuel at e-VITRUM, our on-site restaurant. Chef Mario Pattis works just a few metres from the production plant, creating fresh, seasonal dishes chiefly from local products. We offer five handover packages with a range of different services depending on your interests and the time available. If you are able to, we recommend that you combine your visit to pick up your car from Gläserne Manufaktur with a trip to Dresden, which boasts many tourist attractions and picturesque surroundings. Our travel service will be happy to advise you about planning your travel programme. Further details about picking up your vehicle and the various handover packages are available at **glaesernemanufaktur.de.** Alternatively, call us on **0351 – 4 20 44 44.** Of course, you can also obtain all the necessary information from your Volkswagen Dealer.

Volkswagen Driving Experience. Discover breathtaking landscapes or brush up on your driving skills in a training course with the Volkswagen Driving Experience tours. Find out more about the programme by calling: **+49 7 11 38 95 00 30** or visiting **www.volkswagen-driving-experience.com.**

Service guaranteed. Help is at hand wherever you need it: there are around 2,000 Volkswagen Dealers in Germany, all of whom offer a comprehensive range of vehicle services. Please visit us or contact us by phone free of charge[1] on the Volkswagen Customer Care hotline **0800 – VOLKSWAGEN (0800 – 86 55 79 24 36).**

Quality guaranteed. In addition to the statutory warranty, you receive a two-year Volkswagen guarantee[2] for all new Volkswagen cars and, for the bodywork, a two-year guarantee against paint defects and a twelve-year guarantee against rusting through[2].

Mobility guaranteed. Breakdown service, replacement car or overnight accommodation in a hotel. If you have your Volkswagen serviced at the recommended intervals, you can enjoy the benefits of the LongLife mobility guarantee in Europe. The emergency hotline can be reached free of charge[1] on **0800 – VW SERVICE (0800 – 8 97 37 84 23).**

Volkswagen Financial Services.[3] Those who decide on a new Volkswagen expect high standards of quality from their car. and from the financial services provider giving them comprehensive advice on all matters concerning the transaction. Here, Volkswagen and Volkswagen Financial Services are a perfect combination: Volkswagen Financial Services has attractive offers specifically tailored to the needs of Volkswagen drivers. Benefit from our expertise as a financial service provider, from innovative mobility products and from modern insurance and services. This will mean that you do not have to worry on the road and can remain flexible financially. Speak to your Volkswagen dealer for a personalised financial services offer.

Volkswagen Extended Warranty. Opt for up to five years of warranty. There are nine types of extended warranty available across all model ranges from the up! to the Touareg; options vary in terms of total term and driving performance. For more detailed information, contact your Volkswagen Dealer.

1) Only applies to calls from Germany.
2) All details of the Volkswagen warranty and of the Volkswagen paint and bodywork guarantee apply solely to vehicles of the Volkswagen brand in accordance with the current range of vehicles offered in the Federal Republic of Germany and which are issued with German guarantee terms (for the German market) by Volkswagen AG.
3) Subsidiaries of Volkswagen Financial Services AG and its affiliate, Volkswagen Bank GmbH, provide a variety of services as Volkswagen Financial Services. These are banking services (provided by Volkswagen Bank GmbH), leasing services (provided by Volkswagen Leasing GmbH), insurance services (provided by Volkswagen Versicherung AG, Volkswagen Autoversicherung AG) and mobility services (provided by Volkswagen Leasing GmbH among others). Insurance products from other providers are also offered.

The services offered on these pages apply only to the German market. Your local Volkswagen Dealer will be happy to provide you with details on the products available in your country.

The use of mobile online services from We Connect is made possible by an integrated internet connection. Where network coverage is available, the data costs incurred in this context within Europe are borne by Volkswagen AG, with the exception of Streaming & Internet services and in-car apps. To use the Streaming & Internet services, individual in-car apps and Wi-Fi hotspot, data bundles can be bought via an external mobile communications partner, Cubic Telecom, and used within many European countries where network coverage exists. Information on prices and supported countries is available at vw.cubictelecom.com. Alternatively, it is possible to use internet radio, hybrid radio, and media streaming via a mobile end device (for example a smartphone) that is enabled to function as a mobile Wi-Fi hotspot. In this case, the corresponding services are available only in conjunction with an existing or separately concluded mobile contract between you and your network provider, and only where coverage by the corresponding mobile network is available. Depending on your mobile phone tariff, receiving data from the internet may incur additional charges, particularly if you are using the phone abroad (e.g. roaming charges). To be able to use the free We Connect app, you need a smartphone with a suitable iOS or Android operating system and a SIM card with data option with an existing mobile phone contract between you and your mobile phone company or a contract concluded separately for this purpose. The availability of the individual We Connect and We Connect Plus services described in the packages may vary from country to country. The services are available during the agreed contractual period and may be subject to amendments or ceased throughout the duration of the contract. For more information, visit connect.volkswagen-we.com or contact your Volkswagen Dealer. For information regarding your mobile phone tariff, please contact your network provider.

The specified consumption and emissions values were obtained using the legally required measurement procedure. Since 01/09/2017, certain new vehicles have been type-approved according to the Worldwide Harmonised Light Vehicle Test Procedure (WLTP), a new, more realistic testing process for measuring fuel consumption and CO_2 emissions. The WLTP will gradually replace the New European Driving Cycle (NEDC) from 01/09/2018. Due to the more realistic testing conditions, the fuel consumption and CO_2 emissions values measured according to the WLTP are often higher than those measured under the NEDC. This may result in corresponding changes to vehicle taxation from 01/09/2018. Further information about the differences between the WLTP and NEDC is available at volkswagen.de/wltp. It is currently still mandatory to include NEDC values in communications. For new vehicles that have been type-approved according to the WLTP, NEDC values will be derived based on WLTP values. The WLTP values can additionally be provided voluntarily until they become mandatory. If NEDC values are specified as a range, they are not based on any individual vehicle and do not form part of the offer. They are provided purely for comparison purposes between the various types of vehicle. Additional equipment and accessories (attachments, tyre format, etc.) could change relevant vehicle parameters, such as weight, rolling resistance and aerodynamics. As well as weather and traffic conditions and personal driving style, these add-ons could also affect a vehicle's fuel consumption, power consumption, CO_2 emissions and performance. Further information regarding official fuel consumption and the official, specific CO_2 emissions for new passenger vehicles is provided in the publication "Guidelines on fuel consumption, CO_2 emissions and electricity consumption of new cars", which is available free of charge from all points of sale and DAT Deutsche Automobil Treuhand GmbH, Hellmuth-Hirth-Straße 1, 73760 Ostfildern/Scharnhausen, Germany (www.dat.de/co2).

The vehicles shown in this catalogue may be fitted with optional equipment. All of the information regarding equipment and technical data is based on the characteristics of the German market and corresponds to the knowledge available at the time of printing. Your local Volkswagen Dealer will be happy to provide you with details on the products available in your country. Subject to change, errors excepted. DSG® and TSI® are registered trademarks of Volkswagen AG and other companies in the Volkswagen Group in Germany and in other countries. The fact that a mark is not shown with an ® sign in this document cannot be interpreted to mean that this mark is not a registered mark and/or that this mark can be used without prior approval in writing from Volkswagen AG. Volkswagen provides for the return and recycling of end-of-life vehicles. As such, all Volkswagen vehicles can be recycled and, subject to fulfilment of legal prerequisites, can be returned free of charge. Further information is available from your Volkswagen Dealer, on the internet at volkswagen.com or in the Federal Republic of Germany via the free-call telephone number 0800 – VOLKSWAGEN (0800 – 86 55 79 24 36).
